Town Warrant.

STATE OF NEW HAMPSHIRE.

TO THE INHABITANTS OF THE TOWN OF CLAREMONT, IN THE COUNTY OF SULLIVAN, IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS :

YOU are hereby notified to meet at the lower assembly room in the Town Hall in said town, on Tuesday, the tenth day of March next, at eight o'clock in the forenoon, to act upon the following subjects :

1. To choose all necessary town officers for the ensuing year.
2. To see what sum of money the town will vote to raise to pay town officers.
3. To see what sum of money the town will vote to raise to pay incidental expenses.
4. To see what sum of money the town will vote to raise for the support of schools for the year commencing February 15th, 1903, and ending February 15th, 1904.
5. To see what sum of money the town will vote to raise for the support of Stevens High School.
6. To see what sum of money the town will vote to raise for the repair of highways and bridges for the year commencing February 15th, 1903, and ending February 15th, 1904, and determine how it shall be paid.
7. To see what sum of money the town will vote to raise to pay the debts of the town.
8. To see what sum of money the town will vote to raise for the support of the poor.
9. To see what sum of money the town will vote to raise for the support of the Fire Department.
10. To see what sum of money the town will vote to raise to pay for the use of hydrants.
11. To see what sum of money the town will vote to raise to pay for street lights and raise and appropriate money therefor.
12. To see what sum of money the town will vote to raise for the expenses of Memorial Day.
13. To see what sum of money the town will vote to raise for the benefit of the American Band.

14. To see what sum of money the town will vote to raise to pay the Board of Education.

15. To see what sum of money the town will vote to raise in aid of the Claremont Cottage Hospital.

16. To choose a committee for Stevens High School for the ensuing year.

17. To determine the rate of discount the town will allow persons paying their taxes within such period as the town may designate.

18. To see what sum of money the town will vote to raise for repairs on Stevens High School.

19. To see if the town will vote to instruct the Water Commissioners to extend its water system from a point on Mulberry-st., near the Mann residence, to Draper's Corner, and raise and appropriate money therefor.

20. To see what action the town will take in regard to having two regular policemen, one for day and one for night work.

21. To see if the town will vote the Fire Department the free use of the Town Hall one such night as they desire to hold their Annual Ball, when Hall is not previously engaged.

22. To see if the town will vote to establish fire alarm boxes at West Claremont, Claremont Junction, Draper's Corner, and the corner of Main and West Lafayette streets.

23. To see if the town will vote to give the free use of the Town Hall, at four different times during the year, when not otherwise in use, to the Ladies' Union Aid Society, for the benefit of the Cottage Hospital.

24. To see if the town will vote to establish new hydrants in different parts of the village as the Water Commissioners may direct, the better to protect property from loss by fire.

25. To see if the town will vote to raise the sum of One Hundred and Forty Dollars to put a bronze tablet on the front side of the Soldiers' Monument in the Park.

26. To see what sum of money the town will vote to raise for making improvements in, and caring for the Cemetery at West Claremont.

27. To see if the town will vote to authorize the Trustees of Fiske Free Library to use a balance of \$293.35 now in the treasury, from rents, for the purchase of library books, in lieu of the income from the Fiske Fund.

28. To see if the town will vote to appoint a Tree Warden, with instructions to preserve shade trees now standing along the streets and highways in Claremont, and to plant others where necessary for comfort and ornament.

29. To see what action the town will take in regard to a system of sewerage and in regard to raising or hiring money to defray the expense thereof and in issuing bonds on account of the same.

30. To see if the town will vote to build a free bridge, in connection with the town of Weathersfield, Vt., across Connecticut River, and raise and appropriate money therefor.

31. To see what action the town will take in regard to a sale and conveyance of the real estate devised to the town by Helen R. Healey, late deceased.

32. To see what action the town will take in regard to a sale or other disposition of the Fiske Place, so called.

33. To see if the town will vote to instruct the Selectmen to base their contract with the Claremont Railway and Lighting Company for street lights upon the moonlight schedule, so called.

34. To see if the town will vote to raise the salary of the members of the Fire Department ten dollars a year.

35. To take the sense of the qualified voters whether the alterations and amendments of the Constitution proposed by the Constitutional Convention shall be approved.

36. To see what action the town will take in regard to Fire Alarm service.

37. To see if the town will vote to accept the offer of Andrew Carnegie for Fifteen Thousand Dollars with which to build a Library Building, provided the town give a site for the same and annually spend Fifteen Hundred Dollars in the support of the Public Library.

38. To see if the town will vote to use as a site for the proposed Library Building the land owned by the town located on the easterly side of Broad street and between Chapel street and the Universalist Church.

39. To see if the town will elect a committee of five members to receive, expend, and duly account for the Fifteen Thousand Dollars given by Andrew Carnegie for the erection of the proposed Library Building.

40. To see if the town will vote to raise and appropriate Two Thousand Seven Hundred and Twenty-six Dollars to apply on payment of notes given to raise money for building North Street Schoolhouse.

41. To see what action the town will take in regard to renting the Ball Place, recently used for small pox hospital.

42. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-third day of February, Nineteen Hundred and Three.

Claremont Water Supply.

At an adjourned town meeting holden June 18, 1901, the following resolution was passed:

Resolved, that the selectmen of the town are hereby authorized to construct, manage and maintain, at the expense of the town, suitable water works for the purpose set forth in Article 27 of the town warrant, and are directed to take and appropriate so far as may be necessary therefor, any property or property rights that cannot be obtained by purchase at a reasonable price, under power of eminent domain.

In compliance with the above resolution the selectmen conferred with officials of said Water Works Co., in regard to the purchase of this property.

Early in March, 1902, the following agreement was reached for the purchase of the property of said Water Works Co.

The town of Claremont to pay to the said company \$93,000.00 for all the property of said company, including store house, stock and tools, amounts due on water rents, estimated at \$1,100.00. Cash on hand to the amount of \$2,241.83 was accepted as the amount of rentals collected that accrued from March 10 to July 1, 1902.

Purchase of Water Works.

This property was encumbered to the amount of \$60,000.00, in 5 per cent. bonds, which was assumed by the town.

Bonds have been purchased to the amount of	\$ 58,000 00
at 10 per cent. premium,	5,800 00

Total cost bonds purchased,	\$ 63,800 00
-----------------------------	--------------

There are outstanding \$2,000.00 in bonds.

Town notes were given to the Water Works Co. for	
the amount of the purchase,	\$ 93,000 00

There has been paid on these notes,	79,576 64
-------------------------------------	-----------

Balance outstanding,	\$ 13,423 36
----------------------	--------------

Claremont Water Works.

REPORT OF COMMISSIONERS.

The undersigned Water Commissioners were appointed June 13, 1902, and organized June 16, 1902, by electing H. W. Parker, President, Geo. A. Tenney Clerk, and Geo. H. Stowell, Treasurer. James L. Rice was appointed Superintendent with a salary of \$1000 annually. They hereby submit their report for 9 months, ending January 1, 1903.

The report of the Superintendent, which is a part of this report, exhibits in detail the work of the department. During the year it has not been necessary to use the pumping station at all, but the same is in good condition and ready for use when needed. There are 12 wells connected with it, all in perfect condition, and will supply water at any time when there is a shortage in the reservoirs. The reservoirs are all in good condition, as is the whole system throughout.

The Commissioners have held a large number of meetings and all parties who desired have had a chance to be heard. There is a demand for an extension of the system in the direction of Draper's Corner, and in other directions, and these demands will come before the town at its annual meeting.

A new code of by-laws has been prepared, and will be submitted to the town for its action.

The town of Claremont purchased these works of the Claremont Water Works Company and paid the sum of \$153,000. for the same,

but this price did not include \$6,000. paid as premium on the outstanding water bonds, payment of which was assumed by the town. Possession of the Works was taken by the town March 10, 1902.

The Treasurer's report is herewith submitted, and the financial condition of the Works January 1, 1903, is therein shown.

These different reports show the wisdom on the part of the town in purchasing these Works, not only as a financial measure but for the best interests of its citizens.

H. W. PARKER, President Water Commission.

SUPERINTENDENT'S REPORT.

FROM MARCH 10, 1902, TO JANUARY 1, 1903.

Main pipes have been laid as follows:

In South street, 144 feet of 6" pipe from Severance street to house owned by M. A. Nott.

In Federal street, 360 feet of 4" pipe from Elm street to house being built by Quimby and Rossiter.

In Tyler street, 130 feet of 1" pipe from Sullivan street to front of Bluff school house.

Number of feet of main pipe laid from November 10, 1902 to January 1, 1903:— 144 feet of 6", 360 feet of 4", and 130 feet of 1". Total number of feet of main pipe laid from March 10, 1902, to January 1, 1903, 634.

Total number of feet of main pipes now in use:— 267 feet of 24" cement, 444 feet 16" cast iron, 8,327 feet 12" cement, 653 feet 12" cast iron, 2,006 feet 10" cast iron, 120 feet 8" cast iron, 8,270 feet 8" cement, 13,916 feet 6" cement, 8,541 6" cast iron, 8,616 feet 4" cast iron, 11,952 feet 4" cement, 5,390 feet 2" wrought iron, 5,145 feet 1 1-2" wrought iron, 2,090 feet 1 1-4" wrought iron, 837 feet 1" wrought iron.

Total number feet of cement pipe laid to Jan. 1 1903, 42,732.

Total number feet of iron pipe laid to Jan. 1, 1903, 33,842.

Equal to 14 miles and 2,654 feet.

Number of hydrants set from March 10, 1902, to January 1, 1903, 4.

Total number of hydrants in use Jan. 1, 1903, 77.

Total number of public hydrants, Jan. 1, 1903, 61.

Total number of private hydrants, Jan. 1, 1903, 16.

Number of services put in from March 10, 1902, to January 1, 1903, 19.

Total number of services put in to Jan. 1, 1903, 786.

Stop gates set from March 10, 1902 to Jan. 1, 1903, 2, One 6" gate. One 4" gate.

Total number of gates now in use, 165.

Number of meters set from March 10, 1902, to Jan. 1, 1903, 9.

Total number of meters in use Jan. 1, 1903, 140.

Total number of leaks in the main pipes from Mar. 10, 1902, to Jan. 1, 1903, 0.

Total number of hours pumps were run from March 10, 1902, to Jan. 1, 1903, 0.

The following shows the lowest point below the overflow reached by the water in the Johnson reservoir in the last nine years.

Oct. 26 1894, 18 1-2 feet.

5 1895, 17 1-2 "

Sept. 5 1896, 12 1-2 "

June 1897, 2 "

Sept. 22 1898, 13 1-2 "

13 1899, empty.

Oct. 6 1900, "

2 1901, "

1902, full all the year.

Respectfully submitted,

JAMES L. RICE, Supt.

HOMER C. LATHE, Treas. S. H. S. Committee.

The Stevens High School is doing excellent work. Ninety-seven students have been enrolled the past year with an average attendance of ninety, and a prospect that the entering class next year will increase the number to over one hundred. The senior class this year numbers fourteen.

The necessity for a new heating and ventilating system has become more and more apparent to the committee this winter and they strongly believe and recommend that this matter be attended to before the opening of another school year. The interests of the school and the increasing attendance demand it.

The sanitary condition of the building is very bad and should receive immediate attention.

Other repairs and improvements should be provided in the basement in the way of lockers and shower baths to encourage the athletic spirit of the School.

I. G. COLBY, Sec'y Stevens High School Committee.
Feb. 20, 1903.

Report of School Board.

REPORT OF THE SCHOOL DISTRICT OF THE TOWN OF
CLAREMONT, N. H., FOR THE YEAR ENDING AUG. 1. 1901

To the School District of the Town of Claremont:—

In accordance with Section 12, Chapter 92, of the Public
Statutes we hereby submit our report.

Number of weeks the public schools have been kept:

Fall,	14
Winter,	11
Spring,	11
By male teachers,	1
By female teachers,	24
Number of teachers employed during the year,	33
“ days’ attendance of all the pupils of the district.	154 440

*Number attending to each study:

Reading,	985
Spelling,	985
Arithmetic,	985
Geography,	518
Grammar,	985
History,	152
Drawing,	985
Music,	985
Physiology,	985
Algebra,	37

Number of children reported by the truant officer or agents of
Board:— Boys, 541; girls, 542.

Number of children who have not attended school, 28.

Number of children who have attended the district schools not
less than two weeks, 985.

*Exclusive of High School.

\$ 1,392 15

Rent of Probate Office,

150 00

The above amount does not include the rent of the Selectmen's office, heating and lighting the same, rent and heating of steamer and Firemen's room, estimated to be worth to town

250 00

\$ 1,792 15

The Opera House has been used 3 times and the Town Hall 21 times, for which no rental has been received.

On account of small pox and the scarcity of fuel, the rentals for the year have been curtailed.

Chief Engineer's Report.

During the year ending Feb. 15, 1903, there were 8 alarms of fire, as follows:

Feb. 27, 4.40 a. m., Roberts woolen mill.

March 13, 2.00 a. m., box 13, Union block.

March 13, 10.15 p. m., box 14, Hood block, North st.

July 5, 11.15 p. m., boxes 22 and 15, Clow buildings.

Dec. 8, 4.20 p. m., box 14, James Daley's house, North st.

Dec. 17, 3.40 p. m., box 33, Coy's mill, West Claremont.

Jan. 23, 1903, 6.55 a. m., box 15, Barnes house, Spring st.

Jan. 26, 1903, 5.40 p. m., box 13, Willard Howe store, Hunton block.

During the year but three brush fires occurred, all slight, with no serious damage resulting.

The year 1902 has been unusually fortunate in its fire losses.

Of the fires recorded but three were attended with any loss to speak of. These three were Union block, the Clow buildings, and the stock house fire at Coy's mill, West Claremont.

During the year a new extension ladder has been added to the apparatus equipment, and the town hall bell connected with the electric fire alarm system, sounding the box numbers automatically. The steamer has also been thoroughly repaired—practically rebuilt, making the machine good as new.

RECOMMENDATIONS.

During the year past no increase has been made in hydrants or fire alarm service (additional boxes), of which there is need, and was recommended in my last report. I would call attention to the importance of extending these two safeguards in those parts of our town (where practicable), that are now unprotected. I would also recommend that the town also own and control the storage battery equipment for operating its fire alarm system, and install a switch board whereby the system may be divided into two circuits. The advantages of such a change are apparent, especially from the fact that with two (or more) circuits, the disarrangement of a single wire or box, would not throw the entire fire alarm system out of working order. It also seems to me that the yearly pay roll of the firemen should be made up to close with the other town accounts, Feb. 15th, instead of April 1st, as is the present custom.

I once more wish to thank the members of the Department for prompt and faithful performance of duty upon all occasions. The efficiency of the Department was never better illustrated than at the Union block fire, the handling of which was so generally commended by our citizens.

C. E. SEARS, Chief Engineer.

Fiske Fund.

As is well known, our late townsman, Samuel P. Fiske, and Mrs. Fiske, after investing \$5,000 in the purchasing of books for Fiske Free Library, left to the town an additional \$5,000 as a fund, the income from which was to be expended by the trustees from time to time in replenishing the library. Unfortunately much of his money was invested in the west in worthless securities, and has yielded little income for several years. To meet the obligation which Mr. Fiske's contract imposed, the town has annually voted to turn over to the trustees, the money left from the rents of Library block, (after the expenses for running the library and keeping the building in repair, were paid), for the purchase of books. This has amounted to about \$300 annually, and has fully met the terms of the contract of Mr. Fiske. The fund is now in charge of the selectmen and, I understand, there is about \$2,230 which is secured by notes of the town, the interest from which is being applied toward making up the fund to its original amount.

At the beginning of the year there was in the hands of the treasurer \$359.90. During the year \$256.20 have been expended for books, which leaves a balance now in the treasury for purchase of books of \$103.70.

Fiske Free Library has increased from a few standard authors to more than 7,500 volumes. The books have been selected by our efficient and faithful librarian assisted by several of our most cultured citizens, appointed by the trustees, who have become familiar with, and carefully read many of the books, before recommending them for the library.

Nearly every department of literature is here represented—Art Biography, Fiction, History, Literature, Religion, Poetry, Politics, Science, Travel, and works of Reference. The farmer will find the most valuable books on Agriculture, Horticulture, Forestry, Stock Raising etc.

More than 200 volumes have been added during the past year, including the most recent edition of Cram's Atlas. The New International Encyclopedia is to be procured as soon as it is completed, to take the place of a former International, now in the library.

About 15,000 are circulated annually, and the moral and educational influence is apparent in all our homes. We feel that the Library, with the limited income at its disposal, has accomplished all that its generous donors—Mr. and Mrs. Fiske, could have expected.

The increasing number of books are fast outgrowing the capacity of the rooms now occupied, and more ample quarters will soon be an imperative necessity.

O. B. WAY, Treasurer.

Claremont, Feb. 20, 1903.

Funds.

REPORT OF THE TRUSTEES OF THE PARAN STEVENS FUND, AND THE HELEN R HEALEY FUND

By vote of the town at a special meeting in June, 1901, O. B. Way, J. D. Upham, and J. M. Whipple, were chosen trustees of the Paran Stevens fund, and at the annual town meeting in March, 1902, the same gentlemen were chosen trustees of the Helen R. Healey fund. This board organized by choosing J. M. Whipple, Chairman, and O. B. Way, Secretary and Treasurer. These bequests were given to the town of Claremont as funds: The income from which to be used for the support of Stevens High School. Agreeably to a vote of the town, the money from both of these bequests is to be loaned to the town, at 4 per cent. annual interest, the trustees to take and hold the Town of Claremont Water Supply bonds, as security, and pay the income therefrom to the treasurer of the Stevens High school committee, for the support of said school.

To the present time the trustees have received, exclusive of real estate, \$77,536.29, from the Paran Stevens bequest, and \$38,687.16 from the Helen R. Healey bequest, making a total of \$116,223.45. Of this sum \$116,100.00 has already been invested in the Claremont Water Supply bonds, leaving in the hands of the treasurer \$123.45, which will be invested in the same bonds, together with any additional sums which may hereafter be received from either of these bequests. It is expected that a small amount will yet be received from certain Western investments which belong to the Stevens fund; and we are informed, by Ira Colby, Esq., Executor, that a balance of several thousand dollars will, beyond question, be forthcoming from the Healey estate, at no distant day.

There is also valuable real estate, belonging to both these bequests, which is not included in the above statements; the Fiske homestead, as part of the Stevens bequest, and four houses and considerable land, on High st., as part of the Healey bequest. The Fiske house has but recently come into the full possession of the town. By reason of this, together with a lack of needed repairs,

this property has yielded no income, under the administration of the present trustees. Most of the Healey property has been rented, and while as yet, nothing has been received, by the trustees, from rentals, several hundred dollars will soon be available from this source.

At the approaching town meeting the voters will be asked to determine what disposition shall be made of these properties. The trustees are unanimous in the opinion, that to sell the whole, at an early day, either by auction or private sale, would be for the best interest of the town.

As *income* there has been received, since July 1, \$1,771.62, from the Stevens fund, and \$477.65, from the Healey fund, making a total of \$2,249.27. Of this income, \$900.00 has been paid to the Stevens High school committee, and \$14.50 for record books and safe deposit box, which leaves a balance of \$1,334.77 now in the treasury which is available for the maintenance of the high school, during the remainder of the present school year which closes in June next. It is not improbable that this sum may be increased by the addition of several hundred dollars, from rents of the Healey property likely to be paid before the close of the present school year, by Ira Colby, Esq., Executor, who has the rentals in charge. It is deemed quite proper, at this point to state, that previous to July last, the selectmen of Claremont acted as trustees of these funds and report the payment of \$1,290.00, to the high school committee, from the income, for the support of the school. As a guide to the voters at the approaching town meeting, it is here estimated that the income from these funds, for the coming school year, may approximate \$5,200.00. Of course considerable will depend upon what disposition is made of the real estate.

In contemplating the subject matter of this brief report, our citizens cannot fail to realize that these are princely bequests, of inestimable value to the social, moral and intellectual upbuilding of this community, and ought to place Stevens High School in the front rank of Institutions of Learning, of like grade, and forever be a noble monument to the benevolence of those revered natives of Claremont, Paron Stevens and Helen R. Healey.

O. B. WAY, Treasurer.

Claremont, Feb. 20, 1903.

Free Bridges.

The committee appointed by the town at the the last annual meeting, to investigate and report at the next annual March meeting, upon the subject of a free bridge across the Connecticut river, respectfully submit the following :—

The committee has been especially favored the past year, there having been in this vicinity two expert engineers, whose business is estimating the cost of and superintending the building of steel bridges.

We have estimates of the cost of a steel bridge across the Connecticut river, from both of them, and they do not vary 10 per cent in price.

August 7, 1902, the committee, with the selectmen and engineer J. A. Worcester, made a trip to Ascutneyville, Vt.; Mr. Worcester looking over the ground at the east end of the site of the old bridge and examining the abutment; where we were met by the selectmen of Weathersfield, and quite a delegation of earnest and interested citizens. While the engineer was looking over the situation and examining the abutment, the subject was being discussed by the others.

From here, the committee, with the selectmen of the two towns and the engineer, proceeded down the river to the place known as Blood's eddy, where we met another delegation of citizens interested in having the new bridge built at this place.

Later, Mr. Worcester submitted to the committee an estimate of the cost of a new steel bridge; a new pier, to take the place of the one destroyed; relaying the abutments at both ends of the bridge; and raising both piers and abutments to such a height as to avoid any possibility of damage by high water or ice. The bridge to have plenty of width for all travel and sufficient strength to carry an electric car line, or any other weight that may be hauled across it. The price named was \$35,000. The engineer estimates the cost of the same bridge at Blood's eddy would be from \$5,000 to \$8,000 more money.

It is evident that there is a growing sentiment and a strong feeling, both here and in Weathersfield, in favor of a free bridge

across the river, and that it should be constructed very soon. We believe, from conversations had with the people of Weathersfield, that they are very much alive to the situation, and may be depended upon to contribute their proper proportion of the cost of a free bridge.

The committee recommend that the town take such action at its next annual meeting, as will help to bring this about in the very near future.

CHAS. H. WEED,	} Committee.
GEO. H. BOYNTON,	
H. W. FROST,	

Board of Health.

There have been reported to us the following cases of sickness : Diphtheria, 5 ; typhoid fever, 4 ; measles, 40 ; scarlet fever, 1 ; small pox, 28. We had one death from typhoid fever and one from diphtheria. Recovery followed in all other cases.

We are at the present time having quite an epidemic of measles. The cases so far reported have been mild in character and full recovery has taken place in a few days.

There has been so much said by everybody about small pox there is very little left for us to say. The first case was reported to us Nov. 5th and in about one week we had seven cases, and only one case in a place. The cases were well scattered about, showing that some person who had the disease had been at large in our midst, and the wonder is that we did not have a dozen cases where we got one. Some eight or ten of the 28 cases were quite sick, but none of them so very bad, and some of the others had the disease in a very mild form. The last case was discharged Jan. 25.

In the management of these cases we followed rules that were given us by the State Board of Health. We quarantined the family in which a case occurred until the patient could be removed to the isolation hospital and the rest of the family vaccinated, and the house fumigated. After that was done the family had their liberty. This plan has been carried out and has shown itself to be a reliable method, for we had but a single case in twelve different homes.

If a case can be reported soon enough and removed the first day or two of the eruption, there is very small chance for more

cases in that family. There is but little more that need be said about this disease, but that little is of great importance to every individual, community or town. It is a matter of choice whether we have small pox or not. If you don't want it keep vaccinated. If you believe it to be Cuban itch or some other skin disease, keep vaccinated just the same, for the disease is nothing you want and vaccination will protect you, no matter by what name you prefer to call it. The law in regard to vaccination of school children is a good one and should be strictly enforced, and any person, firm or company who give employment to other people should make a rule not to employ any person until they can show they have been successfully vaccinated. Small pox makes a great deal of trouble in any town or community, and everybody should take an interest in stamping it out.

The town dump is an old story but if you will remember when you take a load there and dump on top of the bank, that some one will have put it over the bank, and that the town will have the bill to pay. Well, we wish you to remember—the physicians of the town and many others, have our thanks for all their kindness to us.

The board of health had a rather strenuous life for a while, and we had a good many mean things said to us and about us, but we have forgotten all of that some time ago, and it may be we all know a little more than we did a year ago.

RUFUS L. HOWE,	} Board of Health.
G. A. ROWELL,	
A. L. MARDEN, M. D.,	

Auditor's Certificate.

We, the undersigned, auditors of the Town of Claremont, have examined the foregoing accounts of the Selectmen, Town Treasurer, Highway Agent, Overseer of the Poor, Treasurer of Stevens High School Committee, the Financial Agent of the Fiske Free Library, and the Treasurer of Claremont Town School District, the Collector of Taxes, and find the same correct with proper vouchers.
